

HOME FRONT LEGACY
1914-18

Join Home Front Legacy 1914-18 this August to learn how you can record local First World War Home Front sites

We need you to become a local site investigator to help build up a picture of the Home Front throughout the UK. By getting involved you can help to preserve rare and significant sites for future generations, as well as record the stories of the people who lived and worked on the Home Front.

The Home Front Legacy team will guide you through the process of re-discovering and recording a site with our online recording app. Learn the skills you will need with our weekly blog posts and share the sites you find.

Our month of recording is open to all and you don't need any prior experience to get involved

Join us from 31 July at
